

# SHERIFF'S OFFICE

A TRADITION OF SERVICE SINCE 1856

CARLOS G. BOLANOS, SHERIFF  
MARK C. ROBBINS, UNDERSHERIFF

# COVID 19

# CORRECTIONS UPDATE

The following procedures have been implemented by the San Mateo County Sheriff's Office and San Mateo County Correctional Health Services at our correctional facilities to protect our employees and inmate population from COVID-19.

- All contact visits with inmates have been temporarily suspended.
- All in-person jail programs have been temporarily suspended.
- All arrestees will be screened outside of the facility. This will consist of a pre-booking questionnaire and an intensive medical screening. If an arrestee is displaying symptoms of COVID-19 and is medically cleared and must be booked, they will be isolated in our medical housing unit.
- Newly arrived inmates will be housed on our Intake Housing Unit for several days before being transferred to the jail's general population. This will be to ensure none of the inmates have developed symptoms of COVID-19.
- In the event a housed inmate shows signs of COVID-19, the Correctional Staff will collaborate with Correctional Health Services to implement a quarantine plan for that housing area as deemed necessary.

\* If you have any of the following symptoms please refrain from entering the correctional lobbies: Fever, cough, difficulty breathing, and shortness of breath and please contact your medical provider.

The San Mateo County Sheriff's Office will continue to collaborate with the San Mateo County Correctional Health Services to ensure our employees and inmate population are provided the most up to date information and protection from COVID-19.

\*\*There have been NO confirmed cases of COVID 19 in any of our facilities. Thank you for your patience and understanding during this challenging time.
