- 347 Parking Citations on coast
- 568 Verbal warnings on coast

---

**The weekend on the coast:**

During the current statewide shelter in place order, the San Mateo County Coast has experienced an unusually large amount of visitation from out of area residents.

For both Saturday and Sunday, dense fog and cool temperatures reduced morning traffic. Once the fog burned off around noon, a large influx of vehicle traffic began. Regular beat Deputies and a Special Enforcement Team of Deputies and Community Service Officers were present to enforce parking regulations and COVID Travel Restrictions. An Off-Road patrol vehicle was also utilized to conduct Beach Compliance checks.

Cabrillo Highway and nearby surface streets have been signed by Caltrans, SMCO County Roads and the Town of Half Moon Bay with extensive "No Parking" signs from Lantos Tunnel to the Santa Cruz County Line. Nonetheless, there continues to be extensive disregard for the signs.

The Sheriff's Office continues to encourage people to recreate in their own neighborhoods and near their homes and reminds everyone that they will receive parking violations for parking in areas that are not currently open and can receive warnings or citations for violations of the shelter in place order.
