**RE: 2019 Annual Report "Rape Kit Processing in San Mateo County"**

Dear Mr. Callagy:

As part of the report "Rape Kit Processing in San Mateo County", the 2015-2016 San Mateo County Civil Grand Jury requested the Sheriff's Office Forensic Laboratory submit an annual report detailing the year's activities in the analysis and testing of sexual assault kits for San Mateo County.

In calendar year 2019, the Sheriff's Office Forensic Laboratory received one hundred thirty-five (135) sexual assault kits; all of these kits were received from the Keller Center. All the kits were entered into the California Department of Justice's SAFE-T database, as required by law.

Of the one hundred thirty-five (135) sexual assault kits, twenty-one (21) were cancelled by the submitting law enforcement agency. To date, of the one hundred fourteen (114) kits that were submitted for processing, seventy-three (73) have been completed and forty-one (41) are currently in progress.

Thirty-one (31) sexual assault kits yielded DNA profiles that qualified for and were entered into the Combined DNA Index System (CODIS).

The average number of days between the submission of the sexual assault kits to the Forensic Laboratory and the release of the report is ninety-six (96) days. The statute requirement is one hundred twenty (120) days.

Sincerely,

A handwritten signature in blue ink that reads "Carlos G. Bolanos".
