400 County Center, Redwood City, CA 94063

Telephone: (650) 363-4911

July 30, 2025

Mr. Michael Callagy  
County Executive Officer  
County of San Mateo  
555 County Center, 5<sup>th</sup> Floor  
Redwood City, CA 94063

Dear Mr. Callagy:

As part of the report "Rape Kit Processing in San Mateo County," the 2015-2016 San Mateo County Civil Grand Jury requested the Sheriff's Office Forensic Laboratory submit an annual report detailing the year's activities in the analysis and testing of sexual assault kits for San Mateo County. Furthermore, as part of the report "Sexual Assault Kit Testing Reports in San Mateo County: What are we Missing?" the 2020-2021 San Mateo County Civil Grand Jury requested the Sheriff's Office Forensic Laboratory adjust the timing of the release of the report to reflect complete data from the previous calendar year, to report the number of sexual assaults in the County and in each city thereof as reported to the FBI, the reason any sexual assault kits were not tested, and announce the availability of this report in a manner designed to maximize public awareness.

In calendar year 2024, the Sheriff's Office Forensic Laboratory received one hundred fifty-two (152) victim sexual assault kits; all these kits were received from the Keller Center or from agencies within San Mateo. All the kits were entered into the California Department of Justice's SAFE-T database, as required by law. This is a 32% increase from the calendar year 2023.

Testing was completed on one hundred fifty (150) sexual assault kits, of which forty-seven (47) yielded DNA profiles that qualified for and were entered into the Combined DNA Index System (CODIS). One kit was not examined because the assault occurred in another jurisdiction and the other kit was not examined because the victim requested that it not be examined, which is now allowed by law.

The average number of days between the submission of the sexual assault kits to the Forensic Laboratory and the release of the report was one hundred five (105) days. The average number of days between the submission of the sexual assault kits to the Forensic Laboratory and the release of the report for the forty-seven (47) kits that yielded DNA profiles that were entered in CODIS was one hundred ten (110) days.

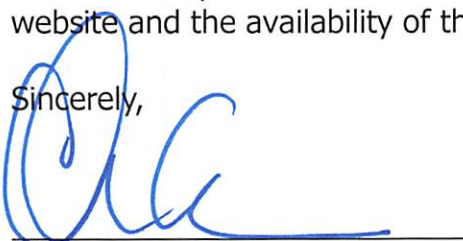

The statute requirement of one hundred twenty (120) days was met.

The State of California Department of Justice Criminal Justice Statistics Center released the following crime data regarding rape in San Mateo County in 2024:

Agency	Number of Rapes Reported
San Mateo County Sheriff's Office	48
Atherton	1
Bay Area DPR	0
Belmont	5
Brisbane	1
Burlingame	10
Colma	0
Daly City	29
Hillsborough	4
Menlo Park	10
Pacifica	11
